RANK	NAME	NDCG@10	MAP@10	INDEX SIZE	EFFICIENCY
57	Samarth Agrawal	0.3984	0.0078	119026201 bytes	-0.03

Scoring: Dev Score = 70% nDCG@10 + 10% MAP@10 + 10% Index Size + Efficiency Adjustment ($\pm 10\%$). Final rankings use the private held-out evaluation.

nDCG@10 — normalized discounted cumulative gain at rank 10 · **MAP@10** — mean average precision computed over the top 10 results **Index Size** — on-disk index size relative to the class median · **Efficiency** — efficiency adjustment applied to the final score
